

App Design	Things to report in app	App features	Solutions	App Hurdles
Design like the park usc app but like social media instead <small>Nicholas Bogar</small>	Problems with commute <small>Nicholas Bogar</small>	Social media-like posts <small>Nicholas Bogar</small>	Hold bi-weekly student events where leadership listens to student's concerns <small>Nicholas Bogar</small>	Getting users <small>Nicholas Bogar</small>
integrates with iOS 26 liquid glass <small>Nicholas Bogar</small>	Scooters and e-bike stories <small>Nicholas Bogar</small>	Petitions under each post <small>Nicholas Bogar</small>	App, obviously <small>Nicholas Bogar</small>	Getting campus leaders to agree to it <small>Nicholas Bogar</small>
"Home" feed, account page, search page, settings <small>Nicholas Bogar</small>	Anti-student practices (purposely allowing classes to be excessively difficult etc.) <small>Nicholas Bogar</small>	Ability to sign and vote for urgency levels for each post/petition <small>Nicholas Bogar</small>	Send out email surveys? <small>Nicholas Bogar</small>	People may treat it as social media too much and post wrong things <small>Nicholas Bogar</small>
Live alerts/notifications <small>Nanda All</small>	Dining hall issues <small>Nicholas Bogar</small>	Ran by students to prevent suppression of issues <small>Nicholas Bogar</small>		Getting it made <small>Nicholas Bogar</small>
Embedded app features appear sunken in <small>Wiggins</small>	Roadblocks/general traffic problems <small>Nanda All</small>	Could be a place for campus leaders to hold votes for making decisions <small>Nicholas Bogar</small>		
		Sorting <small>Nicholas Bogar</small>		
		History <small>Nicholas Bogar</small>		
		Adding a feedback tab within the app <small>Nanda All</small>		
		A potential moderation system (?) <small>Nanda All</small>		
		Embedded app features (like maps/ directions, gifs, etc.) <small>Wiggins</small>
